SUMMARY

Computer Science undergraduate specializing in cybersecurity and full-stack development with hands-on experience in React, Node.js, Express, and OWASP Top 10. Passionate about building secure, scalable web applications.

TECHNICAL SKILLS

Programming & Web: Java, Python, C++, JavaScript, SQL, React.js, Node.js, Express.js, REST APIs, Tailwind CSS, Axios

Cybersecurity: OWASP Top 10, web application security testing, OSINT & reconnaissance, SOC

Tools & Platforms: Linux (Kali), Windows, Git, GitHub, Thunder Client (API testing), VMware, Figma, Canva

CS Fundamentals: Data Structures & Algorithms (100+ problems solved on LeetCode/Codeforces)

PROJECTS

Secure Auth Project

November 2025 – December 2025

Secure Authentication and API Protection Project

Node.js, Express.js, MongoDB, OWASP Top 10

- Built a production-grade, session-based authentication system using HTTP-only cookies, bcrypt password hashing, and secure session invalidation.
- Implemented OWASP-aligned authentication with CSRF defense, brute-force mitigation, secure session handling, XSS protection, and audit logging.
- Demonstrated backend security engineering practices beyond basic CRUD authentication.

IMDb Clone

September 2025

React-based Movie Browsing and Watchlist Platform

React, Tailwind CSS, Axios, TMDB API

- Developed a responsive front-end with React, React Router, and Tailwind CSS for browsing trending movies and viewing details.
- Integrated TMDB API to fetch dynamic movie data and enabled users to manage a persistent personal Watchlist using localStorage.
- Added Watchlist features like search, genre filtering, and sorting by rating and popularity to improve user experience across devices.

EXPERIENCE

Cybersecurity Intern

June 2025 – July 2025

JD Infotech

Remote

- Conducted OSINT and reconnaissance in Kali Linux to identify web application vulnerabilities.
- Used Sherlock, Subfinder, and WhatWeb to map attack surfaces and find outdated software.
- Authored a formal vulnerability report detailing risks and recommending remediation.

EDUCATION

Vellore Institute of Technology (CGPA 9.22)

Bhopal, Madhya Pradesh

B.Tech. in Computer Science and specialization in Cybersecurity and Digital Forensics

Aug 2023 – Present

CERTIFICATIONS

- IBM: Cyber Security Analyst
- Cisco Networking Academy: Introduction to Cybersecurity, Networking Basics, Networking Devices and Initial Configuration
- NPTEL: Blockchain and Its Applications
- Coursera: Bits and Bytes of Computer Networking
