Summary

Computer Science undergraduate specializing in cybersecurity and full-stack development with hands-on experience in React, Node.js, Express, and OWASP Top 10. Passionate about building secure, scalable web applications.

Technical Skills

Cybersecurity: OWASP Top 10, Network Security, OSINT & Recon, SOC Operations, Endpoint Security

Languages & Frameworks: Python, Java, JavaScript, SQL, React.js, Node.js, Tailwind CSS

Tools & Platforms: Kali Linux, Windows, Git, GitHub, VMware, Thunder Client

Experience

L&T

Cybersecurity Intern

May 2026 – Present

Vadodara

- Gained hands-on exposure to endpoint security, networking, and enterprise IT security operations in an industrial environment.
- Worked with security tools for threat detection and endpoint protection; assisted in maintaining system health, security updates, and IT documentation.

JD Infotech

Cybersecurity Intern

July 2025 – Aug 2025

Remote

- Conducted OSINT and reconnaissance in Kali Linux to identify web application vulnerabilities.
- Used Sherlock, Subfinder, and WhatWeb to map attack surfaces and find outdated software.

Projects

Secure Auth Project

Secure Authentication and API Protection Project

November 2025 – December 2025

Node.js, Express.js, MongoDB, OWASP Top 10

- Eliminated authentication vulnerabilities by implementing bcrypt hashing, HTTP-only cookies, and secure session invalidation.
- Hardened API security by integrating CSRF, XSS, and brute-force protection middleware with structured audit logging.

IMDb Clone

React-based Movie Browsing and Watchlist Platform

September 2025

React, Tailwind CSS, Axios, TMDB API

- Delivered real-time movie browsing by integrating TMDB REST API with React Router, enabling live data access across 10,000+ titles.
- Improved user retention by building localStorage-backed Watchlists with filtering and sorting by genre, rating, and popularity.

Education

Vellore Institute of Technology (CGPA 9.25)

B.Tech. in CSE and specialization in Cybersecurity and Digital Forensics

Bhopal, Madhya Pradesh

Sept 2023 – Present

Achievements & Certifications

Achievements

- Finalist, Cyber For Her Hackathon (New Delhi) — Conducted by DSCI, a national cybersecurity hackathon.
- Top 9% on TryHackMe — Hands-on labs covering penetration testing and threat analysis.
- Solved 300+ problems across LeetCode and Codeforces with 700+ submissions.

Certifications

- IBM: Cybersecurity Analyst
- Cisco Networking Academy: Junior Cybersecurity Analyst Career Path Exam
- Coursera: Bits and Bytes of Computer Networking, Google Cybersecurity Professional Certificate
- NPTEL: Blockchain and its Applications
